HUERTA'S HOPE WITH AMERICANS

Dictator Said to Desire Invasion by United States Forces.

MAAS HAS 12,000 MEN.

Huerta Fails to Unite Mexico Against This Country—Incensed at Portillo, a Clerical.

Vera Cruz, Mexico, May 4.—The determination of Dictator Huerta to draw the Mexican forces into Mexico City to save himself from the rebels was responsible for the demand made Saturday for the surrender of the waterworks outside of Vera Cruz.

Renewed reports reached here today that General Maas is preparing to attack the American troops here with a force of 12,000 men. This is a further indication of the step decided by Huerta.

Insiders know that the delay of the Americans in starting toward the capital has greatly embarrassed Huerta, having failed to reunite Mexico, he is playing his next card toward getting American protection against destruction at the hands of the rebels. It was the hope of the dictator that the demand for the surrender of the Tejar waterworks would provoke an engagement.

Huerta has not yet selected a successor to Portillo y Rojas as secretary of foreign affars, and I learned today that Portillo resigned because Archbishop Mora failed in an effort to persuade Huerta to abdicate.

The dictator and Archbishop Mora conferred on Friday. The archbishop has endeavored at previous times to persuade Huerta to resign, and his conferenec last week was his last desperate effort. The dictator remained obdurate, and the resignation of Portillo immediately followed.

Huerta is incensed at Portillo, and the latter being a clerical, his friends now fear he will be seized and imprisoned by the dictator, as many members of the House of deputies have been.

EMERSON STEAM PUMP CO.

Efforts to Have Order Appointing Receivers Revoked.

Another chapter in the tangled up affairs of the Emerson Steam Pump Company of which Col. Orrin G. Staples, of Washington, is the principal owner, is being aired in the Circuit Court today, where an effort is being made to have Judge J. B. T. Thornton revoke the order appointing receivers for the company. There are now two sets of receivers seeking to obtain possession of the assets of the company, Harry B. Caton and Samuel H. Lunt, appointed by Judge Thornton on the application of Col. Staples, and Malcolm Hufty and Howard W. Smith, appointed by Judge Louis C. Barley, on the application of R. J. Eckloff, of Washington, a minority bondholder.

After hearing arguments today by the attorneys representing the different factions, Judge Thornton will take the matter under advisement.

The company has been in the courts for the past two years. Defaulting on its bonds it was placed in receivers' hands which was followed by bankruptcy proceedings in United States Circuit Court. A settlement with the creditors on the basis of a payment of fifty per cent on the unsecured claims was responsible for the dismissing of the bankruptcy proceedings.

A number of lawyers are engaged in the litigation. The company is represented by James R. and H. B. Caton, Col. Staples by Gardner L. Boothe and R. J. Eckloff by Edmund Burke.

DEATH OF MRS. OWENS.

Mrs. A. V. Owens died yesterday afternoon at the residence of her daughter, Mrs. Hammersley, 401 north West street. She is survived by three children—Mrs. Hammersley, and Edward and Alfred Owens.

REPUDIATES AFFIDAVIT.

Witness in Frank Case Says he Was Bribed to Favor Defendant.

Atlanta, Ga., May 4.—Arguments on the extraordinary motion for a new trial for Leo M. Frank, the factory superintendent, awaiting execution for the murder of Mary Phagan, fourteen years old, resumed in the Superior Court here today.

Present indications are that the new trial hearing will be concluded by Wednesday. Judge Hill is expected to take the case under advisement for a few days before announcing his decision. No time has yet been set for hearing of arguments of another motion, which asks that the verdict of guilty be set aside because Frank was not in the courtroom when it was returned.

J. E. Duffey, who was a witness for the State at the trial of the factory superintendent, and who recently made an affidavit for the defense, repudiating his testimony, has made another sworn statement, in which he insists that his original testimony regarding bloodstains on the second floor of the National Pencil Company's plant was correct. Duffey asserts that he was bribed to repudiate his original testimony.

Two negroes were arrested by the police here yesterday on suspicion of having been connected with the shooting and killing of Harry Wolfe, a local grocery merchant, Saturday night.

An unknown negro entered Wolfe's store and demanded that the merchant, who was alone, surrender his money. When Wolfe objected and made a move as though he was going to draw a revolver, the negro produced a revolver and shot the storekeeper.

Persons near the store heard the shot and rushed to the place, finding the storekeeper lying on the floor with a mortal wound. Wolfe was rushed to a hospital, where he died within an hour. He was shot through the abdomen, the bullet penetrating the groin.

CONFERENCE MAY BE BROUGHT TO END

Demonstrations at Vera Cruz Believed to be Bluff By Observers.

STAFF FORMS PLANS.

Learns That Maas is Receiving Reinforcements—Mediators Still Engaged in Preliminary Work.

Washington, May 4.—It is still up to Huerta. That is even more the position of the United States today than it has been for more than a year. He retains the power to force drastic action. If the activity on the part of General Maas' troops at Vera Cruz increases, the mediation conference will blow up with a loud noise, even before they are well commenced. That has been determined by the President and his advisers. They believe that the demonstrations at Vera Cruz are intended as a bluff. But if persisted in, the bluff is to be called by the rifles of the marine detachment and of the "Fighting Fifth" Brigade.

The three mediators here in Washington have again been very flatly told that our continued participation in the mediation negotiations depends entirely on the immunity of American troops and Americans generally from any attack whatsoever by Mexicans.

The general staff has completed its plans for reinforcements for Funston, if they are needed. The transports are due at Galveston today. They will be reprovisioned and kept in readiness with steam up to transfer another brigade to Vera Cruz. The President hopes it will not be needed. He and Secretary Bryan think the pressure placed on Huerta will influence him to prevent attacks at Vera Cruz. But the general staff has learned that Maas is constantly receiving reinforcements. And it would not take much time to start real trouble.

The mediators continued today their work of compiling the initial proposals to be submitted to the three parties to the Mexican controversy.. This will be ready as soon as the conferees are named. The United States will and announce its selection very shortly It is stated on authority that it will not be any official of the government. This eliminates Secretary Bryan and his chief assistant, Counsellor Lansing.

Bryan is said to be backing John Lind for the post. Other high officials opposed to the Bryan policy are suggesting John Bassett Moore, admittedly the highest authority on international law in this country.The President also has suggested to him half a dozen more names and was expected to announce his choice today or tomorrow.

Officials here today refused comment on the report that representatives of the various oil companies doing business in the Tampico district are to meet in New York on Thursday to petition the United States to land marines as a guard to the oil fields, and if that is refused to make a similar appeal to Great Britain. It was made plain, however, that the United States will not land marines there unless some serious outbreak comes, and the European powers have agreed to uphold any action this country takes.

Washington, May 4.—Huerta has named two men who will represent his side of the controversy in conference between the United States and the Huerta and Carranza factions in Mexico to be held with the trio of South American mediators. He has selected Dr Emilio Rabasa, a famous Mexican jurist, and Augustine Prando, under Secretary of Justice.

The Willard Woman's Christian Temperance Union will meet tomorrow afternon at 3 o'clock in the Trinity M. E. Church.

This depression will be attended by showers the first half of the week over much of the country from Mississippi Valley to the Atlantic Coast and the Gulf states.

MOVEMENT TO IMPEACH AMMONS

Colorado Legislators Take Issue With Governor in Handling Strike.

WANT ARBITRATION.

Lawmakers May Pass Bill Forcing Such Procedure—Saloons Closed and Forbid Shipment of Arms.

Denver, Col., May 4.—To pay the price for the seven months' strike and civil war in southern Colorado the State legislature met here in special session today in response to the call of Governor E. W. Ammons.

Although the principal purpose of the session, as specified in the call is the appropriation of funds to meet the cost of maintaining state troops in the field, and to pass other laws suggested by the strike, these probably will be overshadowed at the outset by a plan to impeach the governor. That such a solution will be introduced in the house seems certain, but friends of the executive are sure it will fail.

With the impeachment matter, of the road, it is probable that bills providing for compulsory arbitration, the establishment of a permanent constabulary, and the regulation of use of mine guards in strike disputes will be introduced. Union members are bitterly opposed to the constabulary measures as discriminating against unon men.

While the session is organizing both operators and miners' leaders are turning their attention to possible prosecutions, the outgrowth of the fighting during the last two weeks in the coal fields.

John P. White, John R. Lawson, John McLennan, Edward Doyle, Frank Hayes, and other district international leaders of the United Mine Workers of America, have been threatened by the mine owners with arrest on charge of murder or conspiracy to murder in connection with last week's battle at Forbes, wher seven mine guards were slain, and with the battle of Walsenburg on the same day which cost the lives of Major H. P. Lester, of the hospital corps and two strikers. The union leaders say they do not fear any such prosecution, however.

It is reported that Judge Horace Hawkins, attorney for the miners, will bring charges against John D. Rockefeller, Jr., in connection with the "massacre of Ludlow" if any of the union men are accused. The miners point to the verdict of the coroner's jury returned to Trinidad and the report of the military board of inquiry returned here Saturday night. The one held the mine guards and militiamen directly responsible for the death of eleven children and two women at Ludlow.

The work of disarmament of mine guards and strikers in all the coal fields is proceeding rapidly under the direction of United States troops. Major W. A. Holbrook, commanding the Second Squadron, Twelfth Cavalry, at Trinidad today ordered all saloons in Las Animas county closely until further notice.

Executive Board Gathers.

Indianapolis, Ind., May 4.—The twenty-five members of the executive board of the United Mine Workers of America, were arriving here today from all parts of the country to attend the committee meeting which may cause a general strike, involving 50,000 miners, or may give a vote of confidence in the federal government and its ability to handle the Colorado strike situation impartially and effectively.

Frank J. Hayes said the committee's sessions probably would occupy most of the time.

Fifty Lives Lost in Fire.

Valparaiso, Chile, May 4.—More than 50 lives were lost today in a great fire. Several buildngs were destroyed. The flimsy construction rendered the efforts of the fire fighters virtually useless.

ATTEND MEMORIAL TO DEAD.

President Promises to be Present When Funeral Ship Arrives at New York.

Washington May 4.—Unless public affairs prevent, President Wilson, will go to New York next Monday to preside at the public ceremonies to be held over the bodies of the dead sailors and marines who fell in the three days' fighting at Vera Cruz.

The bodies now are en route to the United States on the battleship Montana, which will dock at the Brooklyn navy yard next Monday mornnig.

Secretary Daniels called at the White House this morning to lay before the President the actual arrangements for the ceremonies, and to ask him to attend. The President assured him that if he were prevented from attending by any unforeseen circumstances, he would write a letter to be read at the exercises.

The city of New York has planned a big public demonstration in respect for the dead, and it is the intention of the Navy Department to make the exercises impressive. Following the public services in New York, the bodies will be sent to the home of relatives or buried in Arlington cemetery.

THIRD WEEK OF 40 DAYS' CAMPAIGN

Nearly One-Half of $50,000 For New Hospital Has Been Raised.

QUICK-GIVING CLUB.

Commendable Work of Sunday Schools Every Subscription to Work to be Published Monday.

The Hospital workers started the third week of their forty days campaign with cash and pledges amounting to nearly one-half of the $50,000.00 desired and two-thirds of the $30,000.00, on which the subscriptions to date are based.

In additon to this amount of $21,424, which was placed upon the rapidly rising thermometer of the executive committee, the collection of subscriptions by the schools will not be known until tonight when the committee attendig them will make their report. The Sunday schools did nobly, contributing over $800.00, which has been reported, and it is hoped that as a number of the classes were unable to make report yesterday, that the amount contributed by them will reach $1,000.00. It is also known that a number of large subscriptions have been promised and that a number of prominent and wealthy citizens have not been seen.

Owing to the lack of time on the part of the committee it should be remembered in this connection, that the failure to call upon everyone should not be considered a slight. It is impossible to give personal application to everyone in so short a time and it is hoped that this will be understood.

The committee and trustees hope that every citizen will contribute something, whether large or small, to this great charity. Every subscription made heretofore will be published on Thursday. Send in yours now, and be identified with the "Quick Giving Club."

Alexandrians ought to be proud of their Sunday Schools. It only shows what can be expected from our future citizens, if out of their small funds they contribute such an amount as shown above, and it only goes to show that Alexandria will not be lacking in the next generation for earnest, active and intelligent workers. It is understood that the schools have been very active and liberal in their contributions.

About noon it was learned that the score amount had been increased by $1,100. It is interesting to note as an evidence of the feeling among our neighbors in Fairfax, that two young Quaker ladies from the county employed in Washington city, decided to make candy and sell it for the Hospital Fund, and although their time is limited, they have secured $5.00 a week for the last three weeks.

Another and even more interesting instance may be cited—A colored cook in Fairfax heard the family talking about the work now in progress, and handed her employer $5, saying, "I was in that hospital about four years ago and they treated me so kind I am going to give this $5.00."

ENTERTAINMENT TONIGHT.

An entertainment wil be given at 8 o'clock tonight in the Young People's Building. A feature will be the presentation of the "District School" by the Odd Fellows' Dramatic Club. The affair will be under the auspices of the Rebekah Lodge of Odd Fellows. Proceeds will be for the benefit of the Odd Fellows' Orphan School.

The Citizens' National bank through its officers will be glad to receive subscriptions from its patrons and friends to the Hospital fund, delivering the same to the committee daily.

FINED AND IMPRISONED

Washingtonian to Pay Ten Dollars and Spend Three Months in Jail Subject to Roads

Disorderly Washingtonians were in evidence again last Saturday night on an electric train coming from the capital city to Alexandria. Several of this element virtually took possession of the trailer and finally started a fight. Their conduct became so gross that it became necessary to call officers into the car after the train reached this city and take charge of three of them.

During the fray an attempt was made by the visitors to assault the conductor, when a railway employee and an Alexandrian came to the rescue. At this juncture one of the men jumped from the train and made his escape. A window pane in one of the windows of the car was smashed during the row.

The trio arrested gave their names as James Frazier, A. L. Ramer and Henry Riley. The first-named could not be found when his case was called this morning, and he forfeited his collateral.

At the investigation of the case this morning in the Police Court the evidence was to the effect that Riley, who was represented by Robinson Moncure, while in a happy mood, was not guilty of conduct to attract general attention. It was shown that Ramer was the man who caused the disturbance, ad that his conduct was rude while the train was proceeding to this city. It was alleged that he expectorated upon other pasengers, seemed anxious to start a row and finally attacked the conductor and shoved a man into a window, breaking the glass.

Ramer, in his statement, denied the charge made against him. Justice Caton fined him $10 and in addition sentenced him to serve three months in jail.

Other Washingtonians who, it is alleged, were also disorderly, made their escape. The latter took especial care to let the other passengers know what attractions brought them to Alexandria.

The jail sentence imposed in the above case may prove a deterrent to others living in Washington who occasionally come here for a good time.

POLICE COURT.

(Justice H. B. Caton, Presiding.)

Thomas Mullin, charged with improper conduct on the street, was fined $2.50.

James Frazier, charged with disorderly conduct on an electric train, forfeited his collateral by failing to appear.

Henry Riley, charged with a similar offense, was dismissed.

Charles Life, charged with disorderly conduct, forfeited his collateral by failing to appear.

A young man, charged with being drunk on the street, forfeited his collateral by failing to appear.

MARINE RAILWAY PLANT

Reported Sale of Property to Sand Dredging Companies Denied

During the past few days a report has been circulated in this city to the effect that Louis E. Smoot and Superintendent Barnett, of the Columbia Sand Dredging Company, of Washington, have purchased the Alexandria Marine Shipbuilding plant at his place.

Inquiry this morning at the office of Louis E. Smoot in Washington failed to confirm this report; in fact it was stated that there is no truth whatever in the rumor. The report originated probably from an attempt on the part of the present owners of the shipyard to dispose of the property to the parties mentioned above.

This plant is about three-quarters of a century old. In ante war days it belonged to a company and was rented to Henry Thompson and Nathaniel Goodhand, who conducted it for many years.

The first-named died a year before the civil war and the latter about a year after its close, and in 1873 it was purchased by a new company and a much larger ways constructed. Several large ocean going schooners were subsequently built there.

In recent years operations have not been spirited at the plant, most of the work being in the nature of repairs to river craft.

COUNTY TAXATION.

Supervisors Fix Rate at $1.40 on the $100.

The Board of Supervisors of Alexandria county have fixed the annual tax rate for the coming year at $1.40 per $100, the levy being apportioned as follows: county purposes, 40 cents, roads 50 cents, schools 50 cents. In addition the residents of the county are required to pay the State tax of 35 cents bringing their total up to $175. The supervisors have named the following board to prepare a general plan for the improvement of the highways of the county and secure estimates of the cost of the work: Commonwealth Crandal Mackey, Supervisor Henry Crocker, Judge Gordon Finney, Charles Jesse and Frank T. Lyons.

IN MEMORIAM.

In loving remembrance of my husband who died five years ago today.

Here is the grave where my husband is laid.
Sweet is the memory that never shall fade.
Roses may wither, leaves shall fall and die,
Others may forget you, but never shall I.

—by his Loving Wife,—Martha Struder.

CLEAN UP WEEK.

"Clean up week" was inaugurated in Alexandria today under the auspices of the city health office. Dr. E. A. Gorman, health officer and Dr. J. J. Garvey, deputy health, officer, have charge of the campaign. Citizens have been asked to see that their yards, cellars and alley are cleaned up and all debris will be removed. Merchants will cooperate with the health department by lending their wagons to haul away the refuse. The assistance of the Municipal Improvement League and the children of the public schools in the effort to give Alexandria a "spotless town" has been promised.

Couch Hammocks for Porch and Outdoor Use

It is with much pride that we point to the influence our couch hammocks have had in the development of their use for comfort and enjoyment throughout the summer season. We recognize their usefulness and the pleasure they would afford, and have for the past several years increased and broadened our lines. And, of course, betterment has been constantly our aim and is a real accomplishment.

The Couch Hammock is without a rival as a summer comfort. It may be used to sway or swing oneself as the ordinary hammock, but with much greater safety and comfort and as a cool lounge or resting place during the day, or as a sleeping bed at night it is ideal.

Every Porch should have a couch hammock; many people use them indoors and on the lawn. We have special sleeping couch hammocks for Sleeping Porches.

NEWS OF THE OLD DOMINION

BATTLE OF NEW MARKET.

Will Have Class of Fifty Years Ago As Guests on The Battlefield.

Richmond, Va., May 4.—May 15 will be just half a century since the cadets from the Virginia Military Institute won fame on the field of battle at Newmarket, when the boys met and repulsed a force of Federal troops—old and seasoned men—in one of the fiercest battles of the civil war.

There are living in this city today many of the men who participated in that engagement. They will be there again this year, on the same field, to celebrate the anniversary. There will also be on the field the cadets corps of this year, and on May 8th the boys will march from the institute to the battlefield, covering the same ground as did their predecessors.

Fifty years ago Lieut-Col Scott Shipp led the cadets. This time, Captain Jennings C. Wise, a son of one of them in the memorable corps, will lead the forces.

Merchant Shot by Sergeant.

Marion, Va., May 4.—J. L. Thornton, a prominent merchant at this place, was shot and instantly killed about 5 o'clock Saturday afternoon by Town Sergeant W. E. Greer. The sergeant had gone into the store to see Mr. Thornton about the payment of his corporation take, when a difficulty arose and the shooting occurred. Two shots were fired, one taking effect in the shoulder and the other in the forehead. It had not been known that there was enmity between the men. Greer was arrested. He will be arraigned Monday.

WANT COMPENSATION.

Applicants at State Department Hold Own Government Responsible for Losses.

Washington, May 4.—Claims arising from the Mexican war trouble swamped the office of Cone Johnson, Solicitor of the State Department. Scores of letters, announcing other definite clams or giving intention to file claims piled into his office. Refugees, whose property has been destroyed by Mexicans or has vanished through abandonment in flight, say they expect reimbursement.

Some held that the United States itself ought to settle, because it was getting the refugees out of the trouble zone. Others held that the Mexican government, the really responsible party in cases of destruction, should pay their damages.

Many of the letters were tabloid tragedies. They told of hard-earned money invested in Mexican property, only to be swept away by depredations or lost when the owners fled for their lives at the warning of danger. The writers saw a lifework swept away in a flash. Others were in an angry tone, and plainly scored the administration as bringing on their difficulties.

The solicitor planned today to work overtime until he has classified the claims and put them in shape for final disposition. Most of them, it was admitted, will not be settled for months.

Dispatches from Armenia tell of a serious uprising among the Kurds. The leaders declare they are moving against the government, but prominent Armenians fear the net result will be a reenacting of the massacre of the past. About 4,000 armed Kurds are surrounding Bitilis. Some have taken possession of the Armenian monastery of Khiridrakadar, expelling the monks. The Kurds declared to the monks that their movement was directed not against the Armenians, but against the government.

COMING ELECTION.

Most Virginia Congressmen Will Have A Walk Over.

Richmond, Va., May 4.—Save for the third and ninth congressional districts there is serenity and happiness on the parts of the candidates.

In every district represented by Democrats, save in the third, "the present incumbents" have been named to succeed themselves. In the ninth district R. Tate Irvine is the champoin of the Democrats for the seat which is now held by Congressman C. Bascomb Slemp. The latter will not be a candidate to succeed himself, but former State Senator John C. Noel, says he will be the Republican candidate.

The other districts are in line. There is just one exception—In the fifth there will be no primary, as Congressman Saunders has no opposition. The district nominates by convention, and as the convention is generally controlled by the dominant faction there is no reason to believe that Saunders will not again be returned, though he may have to make a fight against a Republican. Since Halifax county has been returned to the fifth district, however, the success of a Republican is extremely doubtful.

Here is the list of the nominees in every district in the state, save that in the third, and counting Saunders already nominated:

First District—W. A. Jones. No opposition.

Second District—E. E. Holland. No opposition.

Third District—Congressman A. J. Montague and Senator L. O. Wendenburg Primary June 16th.

Fourth District—Walter A. Watson. No opposition.

Fifth District—E.W. Saunders. To be named in convention; no opposition.

Sixth District—Carter Glass. No opposition.

Seventh District—James Hay. No opposition.

Eighth District—Charles C. Carlin. No opposition.

Ninth District—R. Tate Irvine nominated by Democrats Republicans to make fight.

Tenth District—Henry D. Flood. No opposition.

All of the nominations were made earlier this year than usual. The reason for this was that the committee were not anxious to avoid any complications in the prohibition election which is fixed by law for September 24th, when the matter of selling liquor in Virginia will be decided by the voters of the State at large.

In each instance in which there is opposition the candidates will have ther primary fees returned to them by the state Treasurer, as provided by law.

Only Congressman Montague will have to pay the fee of the race, he will be the only man having a fight on his hands.

While smaller and simpler than was the White House wedding of November 25, the wedding of Miss Eleanor Wilson to Secretary McAdoo, Thursday, will be none the less beautiful. The couple will leave Washington immediately after the wedding supper for a short honeymoon trip. That they will not be absent long is indicated by the President's decision to name the Federal Reserve Board within the next week or ten days. Mr. McAdoo, as secretary of the Treasury, becomes a member of the board and will want to be in Washington for its organization.

Lower Broadway, New York, witnesed the unusual spectacle yesterday afternoon of seven visaged clergymen, clad in full vestments of the church, reciting the service of the dead on the curb line opposite the Standard Oil building. As a part of the "silent protest" against John D. Rockefeller's refusal to arbitrate the Colorada strike, Rev. William Miller Gamble, of St. Stephen's Episcopal Church, of Coytesville, N. J., conducted a memorial service in honor of those who have fallen in the Colorado conflict. Anarchists, socialists, atheists, free thinkers, and Christians of all creeds, listened reverently. The members of the "Free Silent League," arms draped with crepe, parolled back and forth in front of the barred doors of the Rockefeller, concern. No disorder marked the occasion.

THROWS ACID ON WIFE.

Norfolk Man Rubs Fluid Into Her Face And Cuts Her With Broken Glass.

Norfolk, May 4.—Angered because she refused to surrender her 4-year-old child to him, John Bell, a young white man threw carbolic acid in his wife's face yesterday, rubbed it into her flesh and when the bottle was broken, cut her face, neck and hands with the broken glass.

Mrs. Bell, who left her husband last Tuesday after he beat her, was at the home of her brother, Thomas Blanchard, when Bell attacked her. Her brother was away from home and when she escaped from her husband she ran screaming into the street.

Services were being held at Lekies Memorial Methodist Church, and the woman ran into the building with blood streaming from her hands and face. A panic followed, the congregation rushing into the street.

Bell took advantage of the excitement to escape.

Mrs. Bell was sent to the Norfolk Protestant Hospital, and it was said that she would probably recover, but would be marked for life. The wound in her neck is not serious. The police are not certain whether Bell deliberately cut his wife with the broken bottle or whether the wound was inflicted in the struggle.

Mrs. Bell told the police her husband had threatened to kill her last Thursday. She says he came to her brother's home with a pistol and threatened to shoot her if she did not give him possession of their child. Mrs. Bell, whose maiden name was Ruth Blanchard, is only 19 years old. Her husband is 23.

ATTACKS FATHER'S WILL.

Staunton, Va., May 4.—A will case of more than local interest is on trial here. Marc Bradley is trying to set aside the will of his father, M. N. Bradley, one of the wealthy men of this section, who died a few months ago. The elder Bradley disinherited his son, leaving his property to a nephew, the Rev. George Y. Bradley, a Baptist minister, of Tappahannock.

Mr. Bradley's estate amounted to $40,000. The plaintiff alleges that Mr. Bradley's mind was unsound for several years before his death.

Virginian Killed.

Pulaski, Va., May 4.—A telegram received by Postmaster E. V. Jamison bore the news that John R. Painter had been run over by a train in Chicago and instantly killed, his body being fearfully mangled. The young man who was thus tragically killed was a son of Mrs. V. V. Painter, of this place, and, what adds to the fearfulness of the blow to Mrs. Painter is the fact that this is her third son in the past few years to meet death by accident. One son, A. S. Painter, was killed a few years ago on the yard of a Western Railroad while performing his duties as yardmaster. Barely a year ago another son, Lewis Painter, was killed by the boom of a dredge on which he was in charge of the operations of a force of men working for a wrecking company. And now comes this latest disaster.

After living as a man for ten years, Ralph Kerwincio, a girl of Spanish descent, was revealed in her true identity by Mamie White, her girl chum, as whose husband she had posed for a decade in man's apparel. She is now in police headquarters in Milwaukee, pending a further investigation into her strange career. The exposure came when "Ralph" deserted Minnie White to become "husband" of Miss Dorothy Klenonski, whom she "married" March 24, after obtaining the right under the new statute requiring a eugenic marriage license. After a month of married life, the bride declares it was not until the police notified her that she became aware of the strange story of her "husband."

SENSATION RECALLED.

The death of Daniel E. Sickles in New York last Saturday night has called to mind a tragedy which occured half a century ago when the General, who was then a Congressman, shot and killed Phillip Barton Key in La Fayette Square, Washington. Key, it was alleged, had been carrying on an intrigue with Sickles's wife, an Italian beauty. Both men belonged to the Washington Club at the time. Key, mortally wounded, was carried into the club house, where he soon expired.

The shooting of Key caused one of the greatest sensations ever known in the United States up to that time. The relations between Mrs. Sickles and Key had been a subject of comment for some time, although, as is often the case, the husband was the last man to hear of it, until he received an anonymous letter. When he confronted his wife she confessed her unfaithfulness, and the shooting of Key followed.

The trial caused the greatest interest, and as many prsons as possible crowded the door of the courthouse. Sickles was eventually declared not guilty under the unwritten law.

For the benefit of those unable to come to Washington and listen to the trial, a history of the case from start to finish was printed. It made a book about as large as an ordinary magazine of this day. It included the confession of Mrs. Sickles. Thousands of copies were sold all over the United States. The tragedy occurred in 1859.

Sickles became a general in the federal army during the civil war. At the time the Confederates virtually blockaded the Potomac river with batteries in 1861 and part of 1862 he commanded the United States soldiers in Maryland, on the opposite side of the river. He lost a leg at Gettysburg, and after the war held the position of military governor over one of the southern states during the reconstruction period. From time to time he has been brought before the public in various ways. In the closing days of his life he again had domestic troubles, but of a different nature from those which cast a shadow upon his early life, and his present wife was with him during the last moments and was ministering to his comfort when death closed his eyes.

JUDICIAL HEAT.

Federal Judge Alston G. Dayton must have regretted on sober second thought the expression of sentiments accredited to him while charging the grand jury at Martinsburg, W.Va. He is reported to have ennunciated the following very unfair opinion.

Next to the saloon the tyranny of the press is the greatest evil threatening the country and our civilization. For twenty one years it was common expression that "it must be so, for I saw it in the newspapers" But today the press of the country is given over almost entirely to the publication of news that is unjust, and its injustice and unfairness have caused millions of readers to misjudge and condemn men in all walks of life. Looking at what the newspapers said of the late Admiral Sampson shows the malicious tendency and influence of the press.

The Associated Press is the largest the most inflential news agency in the world. This gigantic monopoly is selling the news to thousands of newspapers, and this service, instead of being news in a fair and impartial manner, is made to serve personal and selfish purposes.

The foregoing hardly deserves a denial. The newspapers ase a whole need bring no brief of defense into the court of public opinion nor into the court presided over by Judge Dayton. Some particular newspaper may have deserved this heated judicial castigation, but newspapers as a whole, not at all. What could be more manifestly unfair than to blame the whole for the derelictions of the few?

It would almost seem that Elmer E Conrath, retiring editor of the Johnstown, (Pa.,) Leader and now proprietor of his own weekly papers at Cuba, N. Y., had in mind Judge Dayton's remarks and was making categorical reply thereto when he said at a farewell dinner recently tendered him at Johnstown:

"The newspaper man is in a peculiar position. He has from 2,000 to 3,000 chances to make an ass of himself every day, and there is no glossing over his errors. The lawyer can have his corrected by a higher court the doctor buries his, but the newspaper man is at the mercy of the public. Therefore if the writer makes a mistake now and then don't jump upon him."

THROUGH CANAL NEXT WEEK.

Panama Railroad and Cayo Steamer First To Pass.

Panama, May 4—Plans are being matured under instructions of Governor Goethals to put a Panama railroad steamer through the canal within eight days from now with the approval of Secretary of War Garrison. At the same time a cargo steamer will also go through and after that the canal will be open for so much traffic as the work on the Curacvharach slide will permit.

Every effort is being made to secure a sufficient depth of water in front of the slide to permit the passage of a 10,000-ton freight steamer. Almost the entire dredging force has been concentrated upon the slide in order to hasten the completion of the required depth of the channel.

The buckling of a 15 yard dipper of the dredge Gamboa has caused some anxiety. It is expected, however, that there will be no serious delay in the work for this reason, because a stronger dipper is due to arrive soon from the United States.

Governor Goethals is preparing for the first tryout of the channel with a railroad steamer which is to be sent from the Atlantic to the Pacific side and back, and will be followed by a freight steamer, after which, it is said, cargo boats probably will make passage regularly.

This means the formal opening of the canal at a much earlier date than had been anticipated. Many ships are being routed by way of Panama because of the interruption of the Tehuantepec railroad route.

Arrangements for the contemplated barge service have been nearly completed by the transportation department. The Panama railway already is practically near its full carrying capacity.

Olney Selected.

BIG AGRICULTURAL LAND OPENING

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted in prospective settlers in throwing open Twenty Thousand Acres of Rich Southern Georgia Land, which is admirably adapted to the growing of celery, sweet and Irish potatoes, cantaloupes, water melons, corn, oats, cotton, hay—in fact all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans.

Providing you are eligible under the classifications prescribed by us, you are now offered an excellent opportunity to break away from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to the land of plenty, to which, if granted, you will hold a warranty deed and abstract.

The best security on earth is the earth itself and land is the basis of all wealth. Owners of productive lands are benefitting by the increasing high cost of living, while others are suffering from it.

An Opportunity to Secure Rich Productive Land Without Capital

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracks is that they plant or, arrange a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantees, in consideration of 25 per cent. of the net profits derived from the ale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to $1,268.45, and that one acre of well-cared-for paper-shell pecans, in full bearing, should net its owner as high as $500.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further arguing, and waste no time in locating on this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it, otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful, and invigorating, and there is an ample rainfall of 51 inches per year.

Our Aim is For Mutually Beneficial Results.

As we are extremely desirous of having settlers locate on this property, and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which we will hold and to increase the traffic along the Atlanta, Birmingham and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it. We have **"money-making afterward"** considerations in this liberal-minded opening similar to those of the Northern Pacific and other railroads when they granted their lands, and we expect to benefit thereby, as well as the ones who will receive the tracts.

We have also planned to develop what is designed to be the best equipped, most up-to-date, scientific, commercial farm and orchard in existence. It will consist of six thousand acres and will be included in this opening. All who register and receive tracts will get the benefit of the experiments and scientific methods in vogue thereon. While we are arranging to prevent over-registration, we will avoid many disappointments, such as occurred in other land openings conducted by the United States Government and railroads, by granting those who register in excess of the number of tracts to be granted, an interest in this commercial farm and orchard enterprise, in the hope that they may later locate in one of our town sites.

Examination of the land will be cheerfully permitted, and the opening will be held at Browntown, Wayne county, Georgia, one of the stations of the A. B. & A. Railroad, which is located on this property, and will occur as soon after the closing of registrations as arrangements can be made.

The presence of those registered will not be necessary at Browntown on the opening day, unless they wish to attend, for there will be no favoritism shown any one. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted, as soon as possible.

With an ever-increasing population of this country there is no corresponding increase in the area of land, and naturally as the population increases and seeks the land in pursuit of health, happiness and independence, it will continue to be harder to secure.

The prosperous and contented class in Europe today are the descendants of those who secured land there when it was plentiful, while the descendants of those who obtained no land are now the peasants and slaves. **You must realize that this may be your last chance to secure land in this country without a large outlay of capital,** so it should not be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.

GEORGE W. MAXWELL
well-known trapshooter

"I find relaxation and complete enjoyment in Tuxedo. It's a nerve steadier and a sure fire, slow burning tobacco. Easily my favorite."

Geo W Maxwell

THE crack trapshooter has to be a man with steady nerves and muscles absolutely under control—always ready, at the sudden jerk of a string to swing his gun into place and bring down his clay pigeon. This means trained, not to the minute, but to the split-second. *He* takes no chances with his *nerves*.

We present the names of some of these crack shots who smoke Tuxedo. They like to smoke; but they take no chances on a tobacco that might "throw them off."

TOM A. MARSHALL
famous trapshooter

"Tuxedo tobacco is unquestionably the acme of perfection; smoking Tuxedo makes life better worth living."

Tom A. Marshall

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

is purposely made to give you all the benefits of the highest grade smoke. It is made from the very finest tobacco Kentucky grows—ripe, mellow, sweet and mild old Burley, aged right up to perfection-day. Then treated by the original "Tuxedo Process," which takes out the sting, makes Tuxedo smoke cool and slow, and guarantees that it *cannot bite* your tongue.

Tuxedo has had many imitators; none has ever equalled it in sheer quality and smoking-value.

FRED GILBERT
the celebrated trapshooter

"The coolest, most fragrant, most pleasant tobacco in my experience—Tuxedo. Leads in mildness and purity."

NEWS OF THE DAY

According to the manager of the club of which he was a member, Henry C. Fitzgerald, known as "Major Fitzgerald," who shot himself at the Charing Cross Hotel in London, last Thursday, died shortly afterward from his wound, had eight wives in America.

Aviator H. P. Harris, making an exhibition flight in Akron, Ohio, yesterday afternoon, met death in a 600-foot fall, when the left wing of his Curtiss biplane broke entirely from the machine. He jumped from his seat when 100 feet from the ground. His neck and back were broken and death occurred before a hospital could be reached. Thousands of spectators witnessed the flight and the tragedy.

With the capsizing of a canoe in the Potomac river, near Bush Stand cove, above Georgetown, at 4 o'clock yesterday afternoon, Francis Walter, aged 18 years old, a student at the McKinley High School, was drowned, and H. Three men are reported missing and three others are marooned in tree tops in the roaring current of the Canadian river at Bridgeport, Okla., as the result of a flood that swept down that stream late yesterday, carrying away the new $125,000 steel bridge of the Chicago, Rock Island and Pacific Railroad, and doing great damage in the river valley. All the lowlands about Bridge port are flooded, and hundreds of families have been compelled to abandon their homes and move to higher ground.

Hoosier
"White Beauty"

Is a Dollar a Big Price to Pay for Having This Wonderful HOOSIER Cabinet in Your Home?

The past three days, when you postponed coming to examine this Hoosier Cabihet, it wasn't because you doubted the wisdom of spending a dollar to have it put in your home—

You waited because you thought there still was time to make up your mind. But now that time approaches an end. What important consideration can possibly weigh against the fact that

You now take miles of steps a Hoosier will save!

If you were to delay decision until this great opportunity closes, could you possibly justify your neglect of your own valuable time and health? In five minutes after you examine this Hoosier you can decide—

(1) **Whether you want it now on this liberal Hoosier plan, or**

(2) **Whether you will wait until the opportunity is gone and regular terms prevail.**

But five minutes after the Plan closes, you cannot decide. The opportunity will be ended for you.

Therefore Read this Hoosier Plan Carefully:

1. One dollar puts any Hoosier you select in your home.
2. One dollar weekly dues quickly pay for it.
3. The low cash price, fixed by the factory, prevails absolutely.
4. The sale is under direct supervision of the Hoosier Company.
5. When this allotment is taken, the sale closes.
6. If you are not *delighted* with your cabinet, we will gladly refund your money.

You are under no obligations to take any cabinet, but you surely must realize an obligation to yourself to see the cabinet before you let this plan go by. Tomorrow may be your last opportunity.

"WHITE BEAUTY"—*the new Hoosier with the white interior finish (this is being chosen by 3 women out of 4) groups three cupboards and a pantry around a sliding metal table so you can sit down while you work and store more than 400 articles in easy reach. It is a boon to women who want a little more rest IN THIS LIFE.*

SEE IT IN OUR WINDOW—note the scientific arrangement that reduces *even reaching* to the minimum—observe the practical value of each of the 40 separate and distinct tested features—17 of which are new.

Scores of other women are on the verge of making the same decision you are considering. Some will come tomorrow. Every day of this sale more have enrolled than we expected. Enrollments tomorrow may close the sale. If so, those who hesitate now will be too late.

These 40 Features

which we have described in detail this week, are backed by the full guarantee of the Hoosier Company.

For 16 years this company has built the famous

HOOSIER

and in all that time has never added an "improvement" that proved a failure. But unless you sit down in front of this beautiful cabinet and see its wonderful conveniences yourself you cannot hope to realize how much labor this new Hoosier would save you.

(1) See for instance, how the big, roomy, metal table, slides out 16 inches over the base. Notice how an exclusive Hoosier patent prevents this table from warping.

(2) Observe especially how cleverly the inside of the door space above the table is utilized to bring things you need often nearest your hand. The sliding table enables you to open the doors without removing anything from the table, and the insides of the doors save any danger of knocking things over by reaching across the table for those supplies you use scores of times daily.

Our window, displaying these features in "White Beauty," has caused more talk than any window display we've ever had. SEE IT. Tomorrow is the last day.

(3) "What shall we have for Dinner?" If yours is one of the millions of homes in which that is an eternally perplexing problem, Mrs. Christine Frederick's Food Guide—now an exclusive part of the Hoosier Cabinet, will save you enough time and money to pay for the Cabinet in less than a year. Simply turn the dial until you see the meat you want and a choice of several perfectly balanced economical menus is before you. Don't fail to examine this feature tomorrow.

(4) Every woman has favorite recipes. If you're like most women, you have difficulty remembering where you put the one you want. The ***Metal Recipe Card File*** has 50 cards and ten index guides. You can paste or write the recipe and file it always at your fingers' ends. A special holder is provided so you can keep any recipe you are using at level of your eyes—without holding or soiling it.

THIS NEW	HOOSIER
SAVES STEPS	SCIENTIFIC
SAVES TIME	SANITARY
SAVES MONEY	DURABLE
SAVES HEALTH	CONVENIENT
SAVES LOOKS	BEAUTIFUL

YOU NEED IT
YOU CAN AFFORD IT
YOU CAN HAVE IT TOMORROW

(5) In your examination tomorrow, be sure to note carefully the New *Shaker Sifter* we've already described. It shakes flour through instead of grinding it through. It cannot wear out. It cannot grind grit or dirt through. It makes flour fluffy and light. The only thing of its kind. An absolutely *new helper* in your kitchen.

These and 35 other conveniences are worth examining tomorrow—even at some personal effort on your part. Tomorrow is your last chance to decide whether you want them now on the easy Hoosier Plan.

GEN. DAN E. SICKLES DEAD.

Last of Great Commanders in Conflict Answers Last Roll Call.

New York, May 4.—General Daniel E. Sickles died at his home here shortly after 9 o'clock last night.

His wife was at his bedside. Saturday night was the first in 20 years she had spent in the house of her husband. For two days she had watched by his side.

General Sickles and his wife became estranged more than a quarter of a century ago. Repeated efforts made in recent years by their son, Stanton Sickles, to effect a reconcilation proved ineffective. This spring, however, it appears the Union veteran, who was in his eighty-ninth year, made advances, and when Mrs. Sickles heard Friday night that he was so ill that a priest had been summoned to administer the last rites she hastened to his home to supervise the arrangements for his care during his illness.

Mrs. Sickles had repeatedly in the last few years come to the financial assistance of the aged veteran, but declined to enter his home.

General Daniel Edgar Sickles was the last of the commanders who fought the battle of Gettysburg.

Born in New York in 1825, Sickles, at the age of 22, fought the Whigs as a Democrat in the New York Legislature. At 28 he was corporation attorney of New York. It was he who secured for his city its great Central Park. At this time his military career began as major of the Twelfth Regiment, National Guard, New York.

Before he was 32 years old, Major Sickles had served as secretary of legation at London under Minister James Buchanan; he had won a State Senatorship through a bitter campaign and he was seated in the Thirty-fifth Congress at Washington.

It was at this time that an event occurred which became the sensation of the day. Sickles had begun his second term as Congressman in 1859 when the national capital was stirred by the news that the young Representative from New York had shot and killed Phillip Barton Key, the United States Distrct Attorney for the District of Columbia. Sickless declared that Key had misled Mrs. Sickles, who was Therese Bagioli, daughter of an Italian music teacher. Trial lasted 20 days, ending in the acquittal of Sickles on the ground of "unwritten law." He then took his wife back.

At the outbreak of the Civil War, Sickles, then 26 years old, offered his services to Lincoln and was told to go ahead and raise his regiment, of which he would be made brigadier general. Sickles raised the Excelsior Brigade in New York, taking command of one of its regiments as colonel. Lincoln, in 1861, raised him to brigadier general. At Chancellorsville he led a division. At Gettysburg he led the Third corps, lost a leg and became a national hero.

After the war he entered the regular army, and he became first brigadier and then major general. He continued active service until 1869, when he was appointed Minister to

Gets $100,000 Necklace.

San Francisco, May 4.—The chance arrest of a negro roustabout of a circus, in Berkeley yesterday, led to the recovery of a rope of diamonds valued at $100,000, which Mrs. Frank G. Hogan, of Pasadena, lost while attending the circus. The jewels were picked up by the roustabout, who is known as Lew Fields.

The circus hand got into a dispute with a fellow worker at Berkeley and was arrested.

"Shake him down and see what he's got in his coat," whispered a man with whom Fields had been quarreling.

The search revealed a rope of seventy-five perfectly cut diamonds.
